It is Time to Vote!

The Election is Tuesday, November 3. Remember to turn your ballot over - there may be more choices on the back!

Vote By Mail

The US Postal Service recommends that your mail-in ballot be put in the mail by Tuesday, October 27. As long as your ballot is postmarked for **Election Day on Tuesday, Nov. 3 and received by Friday, Nov. 6**, your ballot will be counted.

If possible, we recommend that you put your ballot into a **Local Drop Box**.

If you have requested a mail-in ballot and have not received it, or if you have mailed your ballot in and would like to know if the town clerk has received it, visit Track My Ballot.

If you have requested a mail in ballot, and have not received it, or if it is not marked Accepted (Track My Ballot), you can vote in-person. Only one ballot will be counted.

Local Ballot Boxes

For local drop boxes, visit Find my Election Office / Drop Box.

Vote in Person

Remember to wear a face mask, and to bring a black pen. (While some

What is on the Ballot?

In MA, we will be voting for one Senator, all Congress people, the President and Vice President. To view your ballot based on your street address, visit the state webpage: wheredoivotema.

We also have 2 state wide ballot questions. For more information on the state wide ballot questions, visit revupma.org/wp/ballot-questions-for-november. Some communities have additional local questions.

We Need Your Help - Voter Protection at the Polls

If you plan to vote in person - either during early voting or on Election Day, ask to use the AutoMark machine. By doing this, you will not only help ensure that the AutoMark is set up correctly, but you will be making sure that anyone who comes after you who really needs it will have quick access to the Automark machine. Anyone can use the AutoMark machine and Town Clerks need to see us using it.

If it is not set up in your town, please contact the Disability Law Center (mail@dlc-ma.org or 617-723-8455 X 145). An on-site machine that is not set-up is not in compliance - Voters with disabilities should not have to wait longer than other voters!

About MetroWest Center for Independent Living

We provide an array of independent living services that enable people with disabilities to live in the community. The center was created by people with disabilities seeking full integration into society. We empower people with disabilities by teaching the practical skills and confidence to take control over their lives and become active members of the communities in which they live. We promote access and change within society while advocating for programs and services needed by people of all ages with a wide range of disabilities. MWCIL is a consumer-controlled, community-based, cross-disability, nonresidential private nonprofit agency.

We enable people with disabilities to gain freedom from nursing homes and other institutional settings.

MetroWest Center for Independent Living is a scent-free environment.
