Critical PCA Advocacy Day this Friday!

The PCA community rallied when Personal Care Attendant Services and other critical MassHealth benefits such as Adult Foster Care were on the table for cuts. We are pleased that the Baker administration has said that these are now "off the table" for budget trimming. But we must reinforce this message with legislators as well as thank them. They heard our voices and removed language from the budget bill that would have opened the way to wholesale changes in many MassHealth services.
