

MetroWest Center For Independent Living People with Disabilities Living in the Community

May 12, 2016

Support IL Funding

The 11 Independent Living Centers in Massachusetts need a cost of living increase of \$500,000 to maintain services in FY '17. The state budget is currently in the hands of the Senate. We ask you to please contact your Senator and say that Line Item 4120-0200 should be increased by \$500,000.

IL Centers empower people of all ages with a wide range of disabilities with the practical skills and self-confidence to take control over their lives and become active members of the community. In 2015, we transitioned 228 people out of institutions and into community, saving the Commonwealth an estimated \$4.5 million.
